44 Members – 88 Plants

20 European countries

2.350 Employees

FERVER 2020: 44 members – 20 European countries 88 plants – 2350 employees

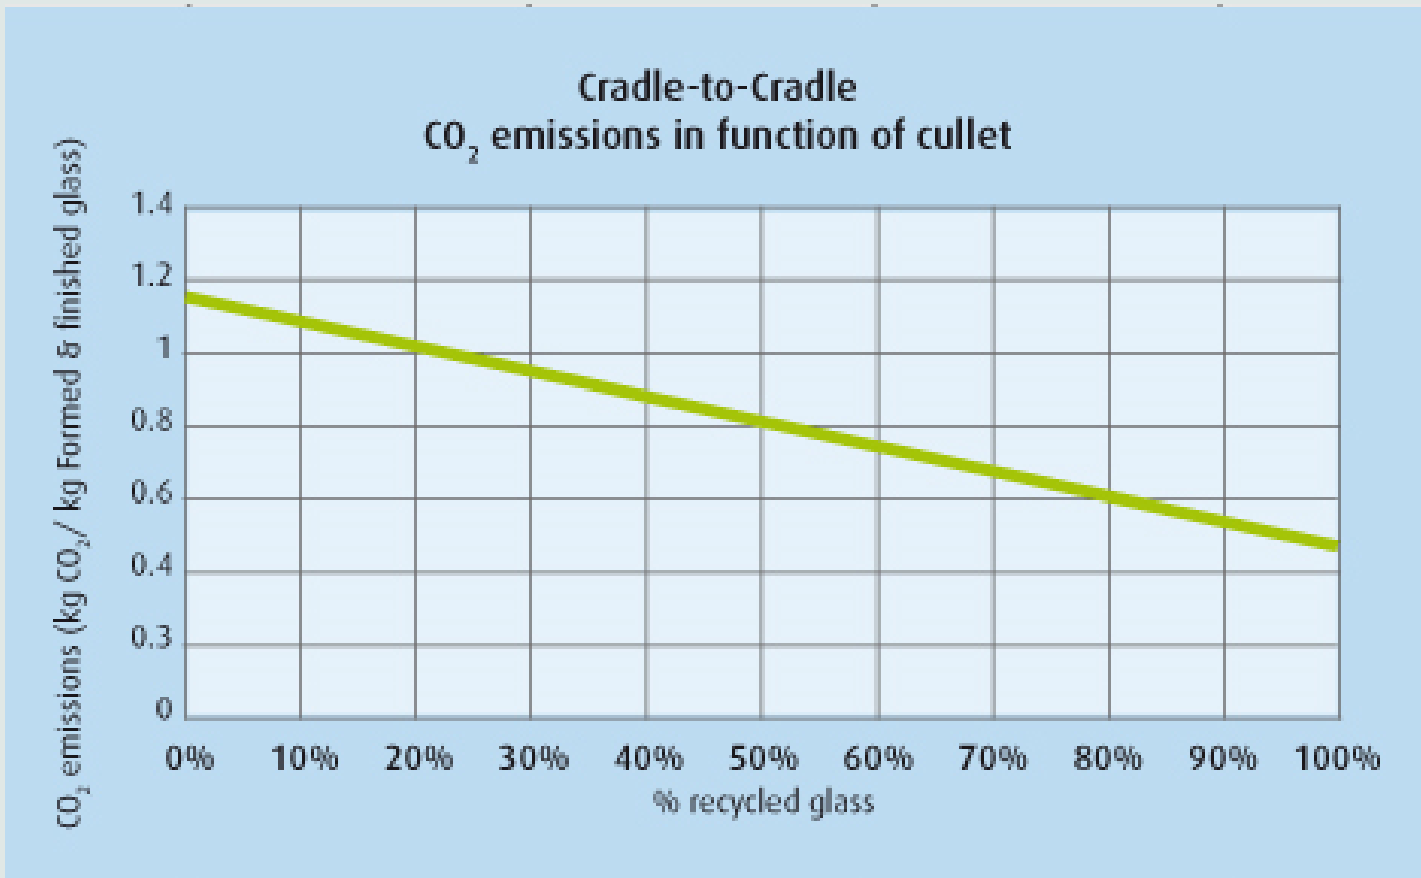

The Glass Market in Europe

More than **16** million tons put on the market annually

More than **10** million tons recycled annually
of which less than 10% is imported/exported

FERVER Members recycle **70%** of glass waste in Europe

Each ton of recycled glass saves CO₂ emission

Source: FEVE

FERVER acts as a 2-way channel:

- To **inform its members** of all relevant developments
- To **promote their activities** to the wider public and to the European institutions and organisations

FERVER contributes to the transformation of our wasteful society into one of **sustainable resource management**

FERVER Mission

Active partner in the **life cycle philosophy** and **cradle-to-cradle approach** (closed loop)

Partner of Producers & Governments in the achievement of their objectives in the context of extended producer responsibility

FERVER members are active in

Packaging glass

Flat glass

Car glass

Foam glass

Glass powder

PV glass
